

THE ROCKEFELLER UNIVERSITY

1230 YORK AVENUE

NEW YORK, NY 10021

January 30, 1980

JOSHUA LEDERBERG

PRESIDENT

Professor Barbara Franklin
Wharton School of Public Management
University of Pennsylvania
Philadelphia, Pennsylvania 19104

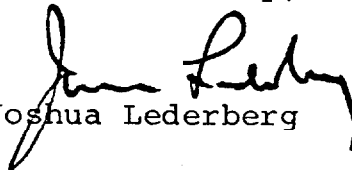

Dear Professor Franklin:

I was interested to see the note on your current interests in the November Pennsylvania Gazette (having achieved that mailing list via an unearned degree last June).

In particular there was a remark of your interest in a national cancer policy. The best kept secret of the year may be the fact that I was recently named to succeed Mr. Benno Schmidt as chairman of the President's Cancer Panel, and in that character as well as many others I would be most interested to have your views and know the current focus of your work.

If you have anything that you would care to send me, or if you can foresee a convenient occasion when you might be able to visit here in New York I would be very happy to hear from you.

Yours sincerely,

Joshua Lederberg
